OF CONTENTS OF

CTA JOURNAL VOLUME 58

January 1962 to October 1962

The Journal *was published monthly (its frequency from its beginning in 1904) January through May. It changed to quarterly in midsummer; the October issue completed the six numbers of the volume. Unfortunately, this index could not be prepared in time for the last issue of the year. Reprints of these pages are available on request for those who wish to bind the index with the volume. Volume 59 will contain the four issues of 1963 and the index will appear in the October 1963 issue. Major features are listed in H. W. Wilson's* Education Index. *All contents of the* CTA Journal *are copyrighted by the California Teachers Association.*
